COMPETITIVE CONTEXT

TitanGrip recently ran a 2-week tools promotion at The Home Depot with an estimated 14% discount. Our syndicated data shows they gained 2.2 share points during the event. This proposal is designed to maintain our leadership position in the tools category at Applied Industrial.

RISKS AND MITIGATION

1. Pull-forward risk: Estimated 20-30% of incremental volume may be pantry loading. Mitigation: 3-week duration limits stockpiling incentive.
2. Cannibalization: Moderate risk of cannibalizing adjacent tools subcategories. Monitored via weekly syndicated data.
3. Margin impact: At 5% discount, per-unit margin decreases from \$3.42 to \$1.61. Volume lift must exceed 20% to be margin-accretive.
