Hurricane Ian

Published: 2022-09-28 | Source: NOAA: Hurricane Ian tropical cyclone report

Category 4 hurricane. \$110B+ damage in SW Florida. Emergency repair demand for fasteners, tools, safety, adhesives.

Industry analysts estimate that demand for affected product categories increased by approximately 40% during the event period. The impact was concentrated in the South region(s).

The event period spans from 2022-09-28 to 2022-10-21.

Industrial supply distributors including Grainger, Fastenal, and MSC Industrial reported varying degrees of impact depending on their product mix and geographic exposure. Companies with diversified supply chains and strong inventory positions were better insulated from the disruption.
